Subject: Habitat for Humanity Boone county

Hi Amy,

I totally support the donation of the property located at 5929 S 700 E to the Boone County Habitat for Humanity.

I have been a HFH volunteer for nearly 30 years and have been involved in Marion county, Hendricks county and Boone county. The Greater Indianapolis HFH has donated many properties over the course of my involvement and has provided many families with a decent, affordable place to live. I have lived in Zionsville for over 36 years and to my knowledge we have never built a HFH home in Zionsville. It would be a wonderful gesture for our community, as well as, the families involved to provide such a benefit.

Please consider donating this property to HFH of Boone county and make a true life changing difference to some Zionsville families.

Sincerely,
Rex Cheek
